

## THE PERFECT RED LIP WITH FATIMA

### STEP 1 OF 6

Ensure lips are their most smooth and supple by using a generous layer of Lip Conditioner. Exfoliate them if necessary. Allow Lip Conditioner to “marinate” for several minutes. Then thoroughly blot away excess.

## STEP 4 OF 6

Using a finely sharpened red lip pencil, use short, soft strokes to create a clean edge. Make sure the lip is shaped to look even and symmetrical. Fill in the entire lip with the red pencil before layering lipstick.

## STEP 5 OF 6

Apply a complementary red lipstick colour using creamy or matte textures. Try cocktailting lipsticks to create your own personalized shade of red.

## STEP 6 OF 6

To get the edges clean and picture perfect, use a small firm, angled or flat brush loaded with a bit of concealer to clean up smudges. Follow by lightly powdering the edges.
